In addition, SALT will create an opportunity for individuals in the area to share their knowledge, talents, and experience in a welcoming atmosphere.

Join us on our continued quest for knowledge, fun, and interaction. I look forward to seeing all the familiar faces, as well as the new ones, this fall!

On the day England enters World War II, Freud and Lewis clash on the existence of God, love, sex, and the meaning of life – only two weeks before Freud chooses to take his own. FREE BOOK DISCUSSION

UNBROKEN
By Laura Hillenbrand
#1 New York Times Bestseller

Thursday, October 25, 10-11:15 a.m.
Discussion Leader: Jeannine Kacmar, MLIS, Palos Service Librarian
Cost: Free, registration required
New Location: AD, Fireside Room

#1 New York Times bestseller Unbroken has been hailed as the Best Nonfiction Book of the Year by TIME magazine. A juvenile delinquent in his hometown of Torrance, California, Louis Zamperini became a world famous track sensation, competing in the 1936 Berlin Olympics when only a teenager. After World War II began, he suspended his running career and became an Army Air Corps bombardier, surviving several harrowing combat missions flown out of his base in Hawaii. On May 27, 1943, Zamperini’s bomber crashed in the Pacific, leaving Zamperini and two other survivors stranded on a raft surrounded by sharks. So began an epic journey and one of the most extraordinary odysseys of the Second World War. Unbroken is a testament to the resilience of the human mind, body, and spirit.

Wednesdays, September 12, 19, 26
9:30-10:45 a.m.
Instructor: Pete Schipma, airplane enthusiast
Fee: $25
Location: CL215
Do you consider a P-51 Mustang, Spitfire IX, or Focke-Wulf 190D examples of real warbirds and shun the modern stealth creations? Are you interested in re-creating one of those masterpieces in miniature? Return with us to those thrilling days of yesteryear, when the necessities of two World Wars drove the development of aviation at the fastest pace it has ever experienced. Week 1: WWI. Developments from “Fokker fodder” to the D-VII, and Sopwith Camel. Scale radio control models – such planes as the Blackburn Baby, Albatros D3a, and museum-quality, exact replicas of the Fokker DR-1 and Camel as props – pun intended. Week 2: WWII from the Fairey Swordfish biplane to the Messerschmitt 262 jet fighter saw huge advances in aircraft design in a few short years. 109D and a Spitfire model will be on display. Possible outing to Lewis-Lockport Airport for a close-up look at a P-51. Week 3: Discussion on the current state of building radio control aircraft, in case you want to make some of those dreams into a reality.

God will speak to you in a deeper spiritual manner as we understand the power and significance of this grand instrument. Trumpeters were the highest paid and most respected individuals, ranked just below royalty in Europe for centuries. Find out how the trumpet shaped history in Europe. What role did unions play in this era? The American North and the South had
fantastic bands that also functioned as medics to haul the wounded off the battlefield. At the end of the day these groups would often serenade each other with their beautiful melodies, bringing tears to both sides. Discover why there was such a display of emotion by these hardened soldiers.

Thursdays, October 4, 11, 18
9:30-10:45 a.m.

Location: AD, Fireside Room

Oh, for the Good Old Days - hoop skirts, 3-piece suits, the clippity-clop of horse’s hooves on the cobble stones, and sitting around the player piano. The simpler life, the good old days, but nobody reminisces about the brutal working conditions, the low wages, or the housewife’s drudgery of maintaining a household. Television portrays this point in time with Laura Ingalls and Little House on the Prairie, but the Victorian Era was anything but that.

**EVERYDAY ETHICS**

Thursdays, October 4, 11, 18
3:45-5:00 p.m.
Instructor: Kyle Wigboldy, environmental awareness advocate
Fee: $25
Location: CL215

What happens when we go to the grocery store? Are people affected when we buy our clothing? What is behind that cup of coffee we have every morning? Every day we are presented with a number of ethical choices. How do we respond to these choices? How can our discourse with non-Christians convey our love for persons created in God’s image? We hope to explore answers to these and other questions in light of our Christian commitment and amidst our social setting. We will add our Christian lens as we dialogue about these issues together as people coming from different experiences. By looking at how many of our “simple” choices have significant implications on the well-being of others, we will learn how simple changes to our lives can show God’s love to others.
