Program: Human Resource Management
Degree: Bachelor of Science

ABOUT THIS PROGRAM
Human resources work requires a unique set of skills, and a B.S. from Trinity will prepare you for this key role. When you major in Human Resource Management at Trinity, you will be prepared to effectively manage human resources activities from a strategic approach. You will gain a holistic view of organizational functions through your business coursework. And you will also learn to pay special attention to human relationships within organizations and how to manage them within an ethical framework.

At Trinity, you don’t just learn from textbooks. Since we’re located less than 25 miles from downtown Chicago, you will have many opportunities for internships and other hands’ on learning experiences.
