ABOUT THIS PROGRAM
The mission of the chemistry department is to prepare students for professional careers in industrial chemistry, medicine, teaching, or graduate studies while bringing a Reformed Christian perspective to the science by affirming that all creation is the work of God and that each of us is a co-participant in the redemptive process. Students not only receive the foundation and training for a career but will also expand their understanding of the Creator, his creation, and our care for it.

MINOR COURSEWORK
- CHEM 103 Fundamentals of Chemistry I
- CHEM 104 Fundamentals of Chemistry II
- CHEM 202 Quantitative Analysis
- CHEM 205 Organic Chemistry I
- One elective in Chemistry (200-level or higher) or Physics
